## **OUR BRITISH SHORTHAIR CATS:**

A wonderful example of a British Blue male, Grand Champion Laziblues Paddington, is our blue stud. Many thanks to Zina Avrutova, Cattery Laziblues for this stunning cat. He has great dog's like personality, very clean, smart and he also the best Dad, he loves his babies and take a lot of care about them.

The next amazing boy is Lex aus der Mondburg, Seal Silver Lynx Point with blue eyes, our sweet "white tiger". He came from the famous German cattery "Aus Der Mondburgt",breeder Sandra Shuermans.

Last few years I am starting to breed Black Silver Shaded (Chinchilla) cats and our breeding boy Grand Champion Richard Royal Tipped came from Moscow, his parents are Champions from England and Richard has pure English blood lines. His breeder, Elena Baranova has very special cattery, she breeds only Silver Shaded (Chinchilla) British Shorthair and all her cats are just diamonds from different countries. Richard has deep emerald eyes color, I never saw before such beautiful eyes. He has also perfect head and plush crispy coat (very hard to find in this color).

We have a new boy now, Black Silver Shaded, X-Andy Royal Tipped, he has also English blood lines: Pennidown and Torridonian. Was born in Moscow, breeder Elena Baranova. It's a very handsome boy – amazing green eyes, good body, plush silver coat and charming personality!
